

AQUAMIX HIGH GLOSS SEALER 946ML

Description

High Gloss Sealer is a specially formulated water-based blend of acrylic polymers that provides both a stain resistant surface seal and a durable high-sheen finish, eliminating conventional two-step methods utilising a sealer and finish. High Gloss Sealer allows moisture vapor transmission and is unaffected by ultra-violet light.

For use on Unsealed, textured natural stone, textured porcelain tiles, clay pavers including Saltillo, terra-cotta and adobe, cement tile, quarry. Internal use only.
