

STORM WALL MOUNTED BASIN MIXER CHROME

Description

Timeless design, ultra sleek with minimal lines, the new Storm range is available in a variety of finishes to complement modern bathroom and kitchen designs.

Using the latest in colour application technology, the Storm Wall Mounted Basin Mixer is available in a range of on-trend colours including Brushed Brass, Brushed Copper, Brushed Gunmetal and Brushed Nickel, as well as classic Chrome.

It features a slim pin style lever with minimal faceplates on the spout and mixer. The unique 'three piece in-wall component design' allows it to be installed with the spout installed on either side of the mixer, depending on your design requirements.

Storm is at home in all modern bathroom designs, with the range of on-trend colours allowing flexibility to suit all styles, while a full range of bathroom and kitchen tapware means you can easily fit out your entire home in the same great look.
