Beach Wood

The Beachwood series was inspired by the iconic beaches, bays and wharfs of Sydney. This vibrant city is known for it's natural beauty, waterfronts and sunny climate that lends itself to outdoor living.

By day or by night you will find the ideal venue for a long lunch with family and friends, a walk along the waterfront, or an evening simply enjoying the warmth and great atmosphere of this magnificent city.

The wharf at Manly is the gateway to one of Sydney's most iconic seaside suburbs and lives up to it's reputation of being seven miles from the CBD, but a thousand miles from care.

With its bustling restaurants, bars and cafes, this historic wharf inspired the creation of the BEACHWOOD MANLY and reflects its most perfect outdoor mood.

Bondi beach is arguably one of Australia's most famous beaches and is the jewel of Sydney's laid back lifestyle. The colour of the BEACHWOOD BONDI was inspired by the Bondi Pavillion, where there are restaurants, galleries and a theatre for all to enjoy

Pyrmont, a former industrial area, is now a popular entertainment area packed with restaurants, bars, nightclubs and a world class casino. A walk along the water's edge inspired the colour and the structure of the BEACHWOOD PYRMONT.

The colour of the BEACHWOOD COOGEE is inspired by the Giles baths located at the foot of the northern headland of Coogee beach. A natural rock pool with intensely deep colour, it is known by the locals as the "Bogey Hole" and has been in use since the early nineteenth century

INTERNATIONAL TECHNICAL STANDARDS:

Easy Installation– Viewgres outdoor porcelain pavers are specifically designed for quick and easy installation with multiple setting options.

Resistant– High compressive strength and ultra-low absorption rates create a dense surface that resists mold,moss,dirt and staining.

Skid-Resistant– Structured paver top textures feature non-slip surfaces contributing to superior safety conditions.

Color Durability– Our extensive selection of color, fused by vitrification, becomes an integral part of the actual porcelain surface and is not affected by external elements.

Freeze Resistant– Our porcelain tiles are capable of withstanding temperatures as low as-60°F.

Durable– Available in a diverse range of contemporary colors and designs.

Stylish– Available in a diverse range of contemporary colors and designs.

Modular Design– Viewgres outdoor porcelain pavers are precision rectified for ease of installation and to allow for creative designs utilizing multiple size slabs in homogeneous patterns.

Light Weight– A 37 lbs. for the 24'x24' paver permit easy installation, removal and serviceability (excludinig adhered installations)

Easy to Clean– Standard household cleaners can be used on Viewgres outdoor porcelain pavers which may also be pressure washed with a low pressure washing device.

Size Uniformity– All slabs are precision rectified to insure consistency and expedite the installation process.

Impermeable–De- icing salts and other equivalent materials can be used without concerns.

Ramp Skid Coefficient– Barefoot Ramp,Shod Ramp and Pendulum Friction tested.Rated R-11.

SRI Value– ASTM E903-35 TO 67.
